

MEMBERSHIP BENEFITS

WESTERN ENERGY ALLIANCE

WHY BECOME A MEMBER OF THE ALLIANCE?

Now more than ever, a strong, unified voice is essential to sustain environmentally responsible exploration and production of oil and natural gas in the West.

Working with a vibrant membership base of independent oil and natural gas companies for over 50 years, Western Energy Alliance stands as a credible leader, advocate, and champion of industry in the West. Our expert staff, active committees, and committed board members form a collaborative and welcoming community of professionals dedicated to abundant, affordable energy and a high quality of life for all.

The Alliance is bold, fearless, and won't back down as we initiate meaningful change.

As a member, you enjoy:

- Direct engagement with professional, friendly staff passionate about influencing federal legislative and regulatory policies
- Effective media engagement bringing the voice of the industry to the public and policymakers
- Networking connections with your peers and industry executives through dynamic events
- Connections with other members through our online membership directory
- Industry-leading communications delivered to your inbox on important issues impacting your company
- Professional development through educational speaker events.
